### Play Instructions:

Gently scratch off the entire area below the instructions to find the 9 winning numbers, your 30 numbers, and prize amounts. To win a prize, you must match any of the winning numbers to any of your numbers. If you find a "2X", "5X", "10X", or "20X", you win the prize shown for that symbol, multiplied; no matching needed!

### Bonus Ornaments:

Scratch off each ornament. If you find two identical symbols in any ornament, win the prize shown for that bonus. Each ornament plays separately.
