

Memo

Date:	August 21, 2025
To:	Oregon Lottery Commissioners
From:	Mike Wells, director
Subject:	Follow up from the July 25, 2025, OSL Commission Meeting

Commissioner Conrad asked Kris Skaro to review some of the language in the proposed bulk ticket purchasing rules. Skaro met with Lottery's Department of Justice counsel and updated the rule language to more clearly define what it means for individuals to work together on a bulk purchase. You'll see the final recommended language in your meeting materials for the September meeting.
